# What is FET?

- Further Education and Training (FET) offers a wide variety of life-long education options from Levels one to six on the National Framework of Qualifications ([NFQ](#)).
- FET includes [apprenticeships](#), traineeships, [Post Leaving Cert](#) (PLC) courses, [community education](#) and adult education as well as adult [literacy and numeracy services](#).
- FET courses and programmes are provided through the [Education and Training Board](#) network across the country as well as through other local providers.

# RPL in FET

- Each ETB is a legal authority with it's own budget, Board of Management, policies and procedures, etc.
- This means that even though we must all abide by Irish law and QQI policies, we also have the authority to develop our own internal policies such as for RPL.

[National Framework of Qualifications | Quality and Qualifications Ireland \(qqi.ie\)](https://www.qqi.ie)

The NFQ describes what learners need to know, understand and be able to do to get a qualification. It also lays out these qualifications from one NFQ level to the next.

# Policy to Practice

# European, National and ETB Policy Related to RPL

Individuals  
have a legal

to avail of RPL

How does policy development at a European, national and ETB-level influence on-the-ground RPL practice?

# Setting the Context

- 2012 Council Recommendation and European Guidelines
- Ireland: Skills agendas, QQI policies, SOLAS FET Strategy 2020 – 2024, etc.
- Limerick and Clare Education and Training Board's response to national policy development:

# European Guidelines for Validating Non-formal and Informal Learning

In May 2023 Cedefop (the European Centre for the Development of Vocational Training) published the third edition of their **European Guidelines for Validating Non-formal and Informal Learning**.

- The purpose of the guidelines is to share experiences and to support mutual learning between those involved in the development and implementation of validation arrangements in Europe.
- The guidelines **put the individual at the centre** and provide insights into provision and methodologies and how the process can be coordinated and carried out.

# Definition of RPL

‘RPL incorporates prior formal, informal and non-formal learning and that which is validated within the context of a specified destination award from level one to ten on the National Framework of Qualifications.’

European Commission, CEDEFOP, ICF International; 2014 p.3

### Welcome

The importance to Europe of skilled and knowledgeable citizens extends beyond formal education to learning occurring in other contexts, in non-formal or informal settings (at work, at home, volunteering, etc.). Citizens need to be able to demonstrate what they have learned and to use this learning in their careers and for further education and training.

Validation of non-formal and informal learning is defined as a process of confirmation by an authorised body that an individual has acquired knowledge, know-how, information, values, skills and competences measured against a predefined standard. It consists of four distinct phases: identification, documentation, assessment and certification (see [Council Recommendation](#)).

The information hub on validation of non-formal and informal learning aims at supporting countries in their efforts to develop, establish and improve arrangements for the validation of non-formal and informal learning and promote peer learning between countries. It is also a tool for anyone interested in validation to better understand how validation is carried in the countries reviewed.

The hub links the [European guidelines for validation of non-formal and informal learning](#) (3rd edition, 2023) with the information gathered in the [European inventory on validation](#). The European guidelines set out the main principles and pose questions to stakeholders on the main themes to consider when establishing, developing, improving and monitoring of validation of non-formal and informal learning. The European inventory explores the ways in which countries are implementing validation and explore each of those main themes. It provides the "answers" to the questions posted in the guidelines.

# SOLAS FET Strategy 2020 – 2024

- 6.3 Targeting Priority Cohorts
  - ....ensuring that recognition of prior learning plays a more prominent role.
- 7.2 Pathways within FET
  - This should encompass strong support for recognition of prior learning....
- 7.4 Facilitating Lifelong Pathways
  - ....models that have been piloted should now be mainstreamed...

# College of FET Strategic Framework 2022 – 2025

## Priority 1: Learner-Centred Approach

**1.7:** Continue to develop mechanisms to recognise prior learning and certify experiential learning.

## Priority 2: Staffing

**2.7:** Explore the area of Recognition of Prior Learning (RPL) to identify and certify the range of staff skills and competencies.

# Who is Involved?

- **RPL Applicant**
  - Anyone who applies to an education provider for RPL
  - It is the applicant's responsibility to gather and present the evidence required for assessment according to the instructions given by the RPL Mentor
- **RPL Mentor**
  - Guide and support the applicant through the RPL process and assist the applicant with the gathering of evidence that is consistent with the award standard
- **RPL Assessor**
  - Grade submitted assessment evidence in accordance with Quality Assurance procedures and the award standard
- **Quality Assurance**
  - Develop and maintain RPL procedures and processes in line **with existing ETB quality assured procedures**
  - Ensure that all RPL portfolios submitted for certification go through the **same authentication process** as all other portfolios submitted by classroom-based learners.

# The Four Stages of RPL

## 1. Identification

**What does the Applicant know?**

## 2. Documentation

**What they know aligned to LOs and built into a portfolio of evidence**

## 3. Assessment

**Grading by the RPL Assessor; submission for IV, EA, RAP**

## 4. Certification

**Education provider submits results for certification by the awarding body, QQI**

This phase is also sometimes connected to profiling or screening in a career guidance process (Cedefop, 2020).

# Building an RPL Portfolio

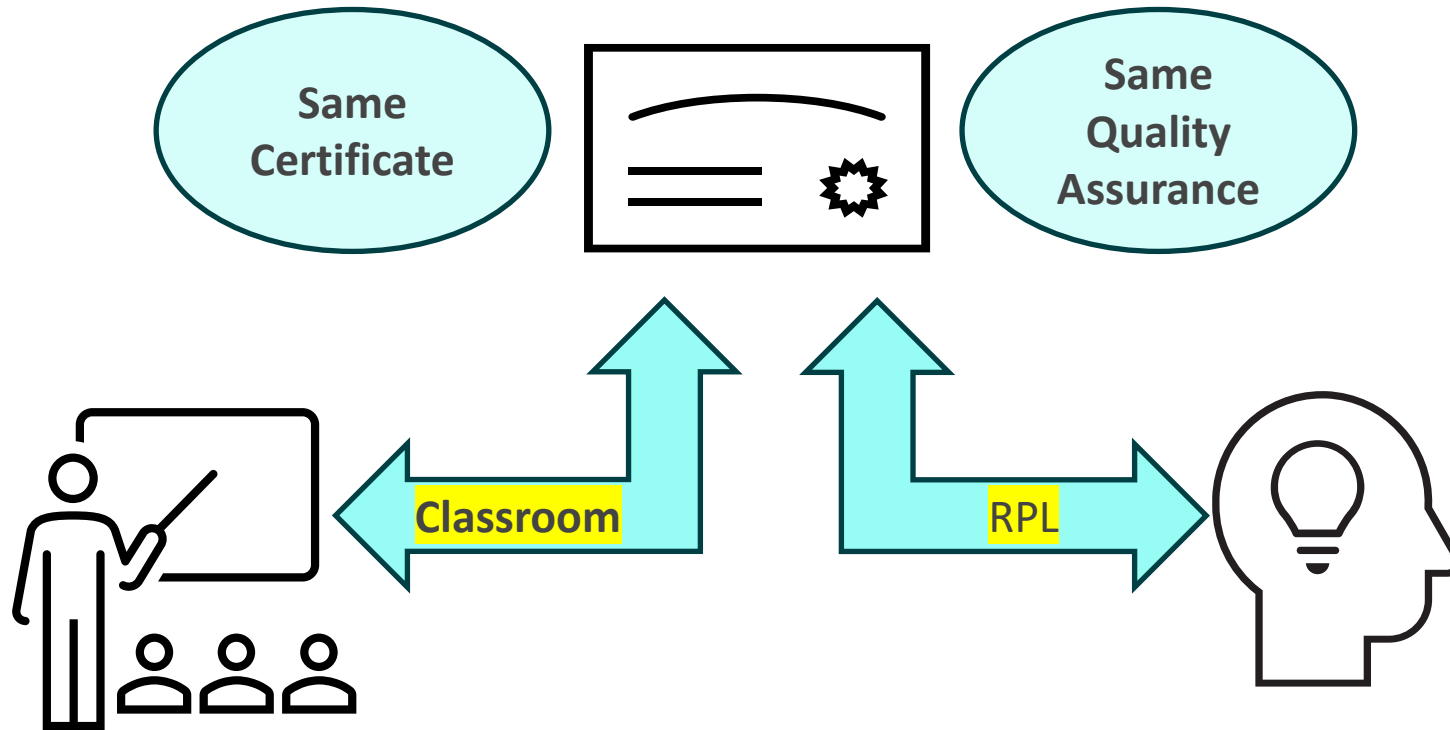

- Applicants will be given an assignment brief(s) based on the learning outcomes of a module(s)
- They will reflect on their current and past life, work, volunteering, sporting experiences, etc.
- They will provide verified evidence of this supported by their RPL Mentor (next slide)
- This evidence will form an RPL portfolio that will be graded by an RPL Assessor
- The portfolio will be internally and externally examined
- Results will be approved by the ETB's Results Approval Panel
- Results will then be submitted to QQI for certification
- All under the same robust Quality Assurance system that all learner portfolios go through.

# RPL Portfolio of Evidence

## Examples of NFIL evidence that can be used:

- Evidence can come from the workplace or any community/voluntary work, social clubs, hobbies, family life
  - Job description
  - Write-up of experiences
  - Record of tasks undertaken
  - Photographs
  - Samples of documents
  - CV
  - Professional development records
  - Letter/report from employer/manager/etc.
  - References
  - Audio/video interviews/conversations
  - Response to a brief
  - Record of previous certification

## S.E.E.D THE SHARED EDUCATIONAL EMPOWERMENT DRIVE

RECOGNITION OF PRIOR LEARNING

SOWING THE SEED OF LIFELONG LEARNING IN THE 12 INF BN

[www.military.ie](http://www.military.ie)

STRENGTHEN  
THE NATION

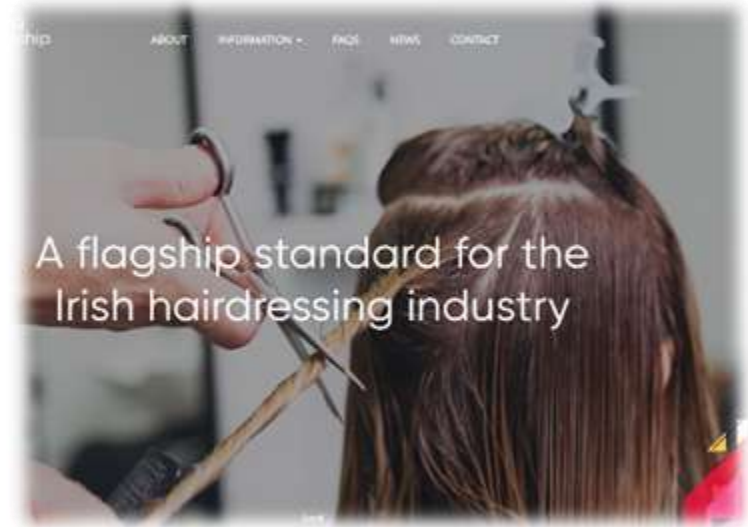

# SEED

- TOBAR was focussed on members about to retire. SEED is open to all members who have achieved skills through membership of the Defence Forces and professional development
- Link with Commanding Officer is crucial
- First cohort finished in late 2024
  - Work Experience level 5 – three achieved certification
  - Work Experience level 6 – six achieved certification
- Members being overseas can be an issue.

# RPL and the National Hairdressing Apprenticeship

- The National Hairdressing Apprenticeship programme was validated by QQI in September 2019
  - [www.hairdressingapprenticeship.ie](http://www.hairdressingapprenticeship.ie)
- NFQ Level 6 (EQF Level 5)  
Advanced Certificate in Hairdressing
- RPL of this award is a good practice example of how NFIL can be recognised in a workplace setting
- This process can potentially be replicated in other VET national consortium-led apprenticeships using the quality-assured processes developed for this apprenticeship.

# RPL and the National Hairdressing Apprenticeship

- 1) Non-standard entry into Stage 1 (where the minimum entry requirements as specified in the validated programme aren't met by the applicant)
- 2) Advanced entry into Stage 2 of the programme
- 3) Certification of the Major Award.
  - i. Mobility of qualifications
  - ii. 100% experiential learning (NFIL)
  - iii. 6-9 months timeframe
  - iv. Set entry requirements
  - v. Full RPL toolkit available for all providers

# MIMLOs Vs MIPLOs

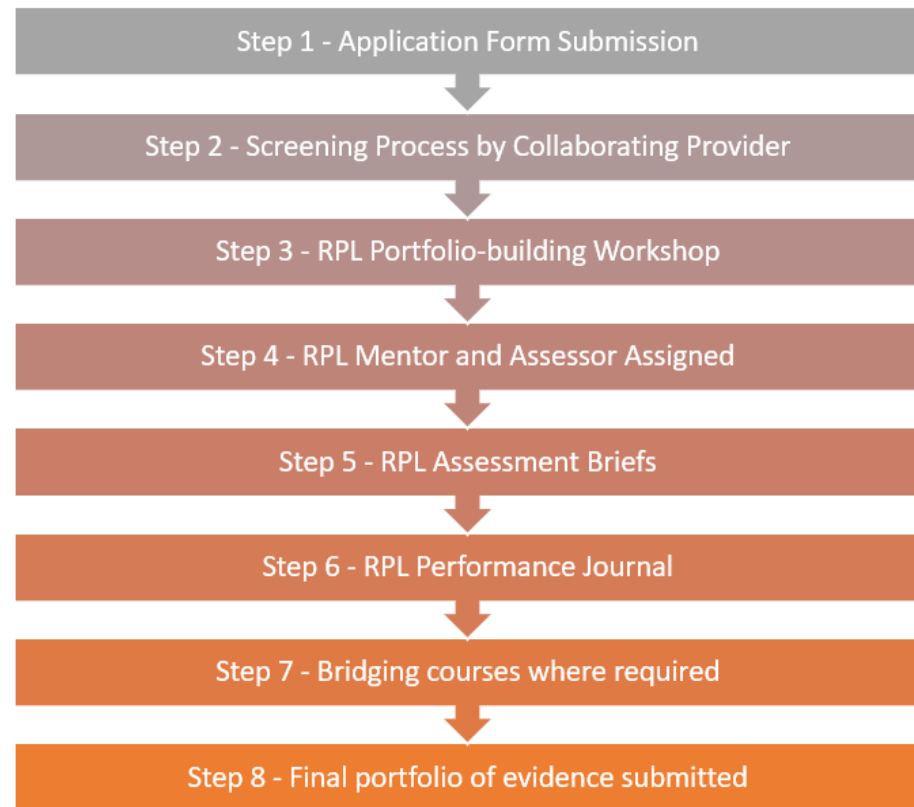

- Over the three Stages there are 18 assessed modules with 69 Minimum Intended Module Learning Outcomes (MIMLOs)
  - How could these be individually evidenced?
- The programme itself has 11 Minimum Intended Programme Learning Outcomes (MIPLOs)
  - Could we evidence these instead?

# RPL of the Programme Learning Outcomes

- There are 11 Minimum Intended Programme Learning Outcomes (MIPLOs) in the apprenticeship programme.
- The MIPLOs were developed to align with the Occupational Profile of the Hairdressing Apprenticeship.
- The RPL applicants for the Major Award are expected to evidence achievement of the 11 MIPLOs through an RPL Portfolio of Evidence to achieve certification for the qualification.

# RPL of the MIPLOs

- If a gap occurs in a portfolio where one full MIPLO or a minor part(s) of a MIPLO(s) cannot be met, then an RPL Mentor (in consultation with the RPL Assessor as a subject matter expert where appropriate) may decide that an additional piece of work or assessment can be completed to bridge the gap.
- Additional work may include a workshop, a seminar or the submission of a piece of work following attendance at a class/part of a course that will address the shortfall.
- All decisions on what constitutes a gap in learning evidence will be discussed with the applicant and outcomes/actions agreed in consultation with the RPL Mentor and/or Assessor as appropriate.

- Our Marketing and Communications Team devised a strategy to raise the profile of RPL in our region.
- Public awareness campaign **“Recognise Your Past, Empower Your Future.”**
- The campaign features our RPL Heroes Nataliia, Michelle, Matoko, Thomas and Cristina, who share their inspiring stories of completing RPL and transforming their lives highlighting the impact that RPL can have on someone's life.

# Our RPL Heroes

RPL has completely transformed my life and that of my family. I am now employed in a job that I never thought possible when I first arrived in Ireland...

– Cristina

## What impact has RPL had on your life?

Having recently completed the RPL process, I can already feel the impact in my current role at work. It has made my job easier because I have gained excellent skills that have allowed me to adapt to an ever-changing workplace. My employer was impressed with the skills I had learned, particularly my IT skills, stating that I stood out in my ability to complete the reports on the computer as they are in the process of digitalisation. This gave me a massive boost in confidence as it felt good to have my skills recognised.

## What impact has RPL had on your life?

Completing RPL and achieving the QQI Level 5 Certificate in Early Childhood Care and Education has allowed me to progress from assistant to preschool teacher in the centre where I work. It has also put me in a better position to further my studies in Ireland. Now, my goal is to finish my English language course and begin a degree studying Childcare, which will further improve my job prospects.

## First Meeting of RPL Community of Practice

Hi all. Would you please take a minute to complete this form so we can get our RPL Community of Practice up and running? From the previous poll I did it looks like 9.30am on a Monday or Tuesday are the most popular choices so I've based the form on this. Meetings will be held in the new CoP channel in our RPL Team, similar to the Show and TEL meetings. Thanks everyone.
